

2010 College2Career Conference

The GSCPA College2Career Conference is designed to further educate talented accounting students about issues impacting their careers and the accounting profession and will feature a career fair with firms, companies and graduate accounting programs eager to meet students. Over 300 participants from 30 colleges and universities across Georgia and Alabama have attended the College2Career Conference.

The career fair is the primary component of the College2Career Conference. Students meet with representatives from Georgia accounting firms and companies to learn about core business and staffing needs. This provides your organization with the unique opportunity to network with students from multiple colleges and universities in one setting to begin developing relationships to build on for years to come.

If you are interested in participating as a career fair exhibitor or sponsor, please review the sponsorship levels below and complete the application on page 23. If you would like more information on the College2Career Conference, contact Nikelle Hamada at nhamada@gscpa.org or 404-504-2956.
